

AVONAL

High quality window fasteners for use with aluminium, uPVC and timber, top hung (awning), or side hung (casement) windows.

These handles are a robust bold design with a full grip handle and incorporate a vertical fixing base, ideal for internally glazed applications.

A range of wedges are available so that these handles can be used with a variety of different joinery profiles and methods of installation.

RECOMMENDED FIXING
2 x 8g x 5/16" PAN POSI SCREWS
TYPE B PART No 8014
