

HD6-750 and 900 Stays

Soon to be Revived

As windows are getting bigger and heavier, the need for heavy duty stays has arisen. With this in mind, ASSA ABLOY New Zealand will be re-launching the 750 and 900 HD6 stays which are used in awning window applications and can cater for sashes weighing up to 100kg, early next year.

The HD6 family is a complete range of 4-bar friction stays providing support and control for heavy duty commercial weight projected sashes. The '6' in the name refers to a 6mm thick arm dimension for the stays. The HD6 series friction stays are manufactured from aluminium with a black powdercoated finish and have no sliding channels.

See below for further product specifications or contact our Export Customer Services Team.

INTERLOCK™
ASSA ABLOY

Model	Application	Max. Sash Height x Weight	Opening Angle	Product Number
750 HD6	PTH*	1800mm x 12kg	31°	P1535B
750 HD6	PTH*	1050mm x 36kg	31°	P1535B
750 HD6 + Restrictor	PTH*	1000mm to 1700mm x 71kg	100mm	P1535B
900 HD6	PTH*	2400mm x 14kg	26°	P1536B
900 HD6	PTH*	1300mm x 43kg	26°	P1536B
900 HD6 + Restrictor	PTH*	1700mm to 2400mm x 100kg	100mm	P1536B

Note: Interlock Casement Stays are only recommended for use on casement windows where the window height is twice the window width.
