

Optimum Mortice Sliding Door Lock

INTERLOCK™
ASSA ABLOY

ASSA ABLOY, the global leader
in door opening solutions.

The Optimum Mortice Sliding Door Lock has been developed with features designed to significantly improve functionality in sliding door applications. The lock features the unique security of a single deadbolt with dual flyout beaks, preventing the door from being lifted. Kits are available with a Palladium Xtra or Palladium styled escutcheon which allows furniture continuity throughout the home.

Features

- Deadbolt locking
- Anti-lift design
- Anti-slam pin protects accidental damage to throw prior to door closure
- LockAlert™ indicator shows at a glance if the door has been deadlocked (Palladium Xtra)
- Adjustable Strike
- Stainless steel forend plate
- Can be keyed alike to other ASSA ABLOY CYL4™ 5-Pin locks for one key convenience
- Achieves Australian Standards AS4145:1993 (Part 2) Security Level S1 and Durability Level D3
- Compatible with a range of Euro Cylinders
- Identical standard routing details to other Optimum Mortice Locks
- New Zealand made

Options

- Available with 30, 35 or 40mm backset
- Retrofittable forend plate available for use where ISEO 7814 is being replaced
- Double cylinder, cylinder and turnknob, half cylinder or half turnknob
- 3-Point version available for extra security
