

Willo SBML 2-Point

INTERLOCK™

ASSA ABLOY

ASSA ABLOY, the global leader
in door opening solutions.

ASSA ABLOY has developed a safe, reliable and robust mortice locking mechanism and handle set range called the Willo. Designed specifically for the security conscious, the Willo is in line with leading architectural innovations requiring a slim appearance. The 2-point locking option has twin beaks and is suitable for use with aluminium, timber or uPVC horizontal sliding doors and windows.

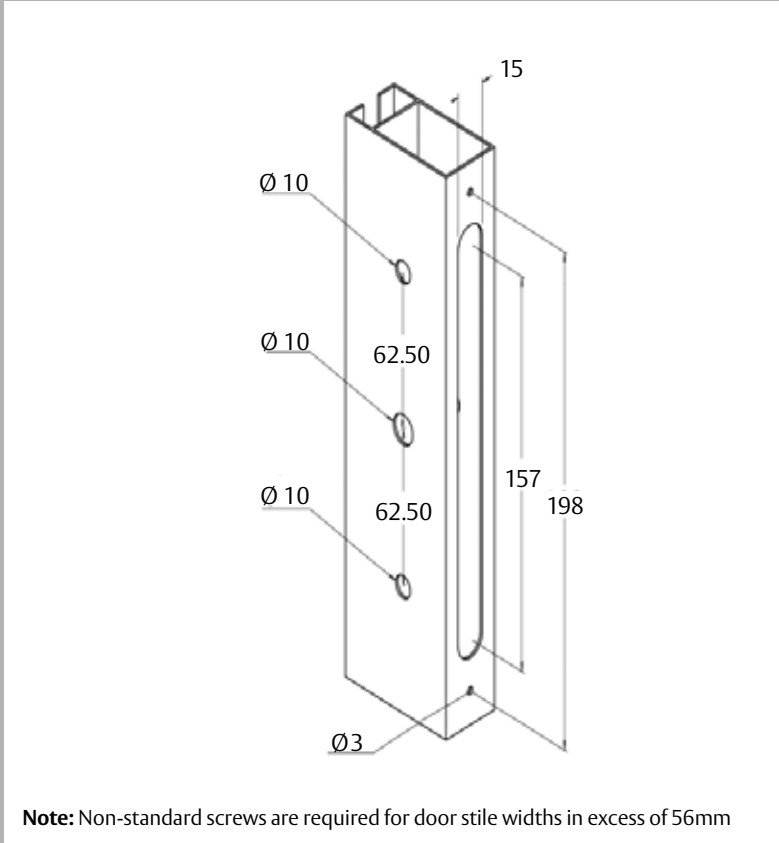

Features

- Opposing beaks prevent door being lifted from track by intruders
- Anti-slam button prevents damage to the latching beaks if the door is slammed ensuring longer life with ease of locking
- Fully reversible for left or right-handed doors
- Unique red indicator on the deadlock shows when the door is unlocked.
- Can be keyed alike to other ASSA ABLOY CYL4™ locks for one key convenience
- New Zealand made

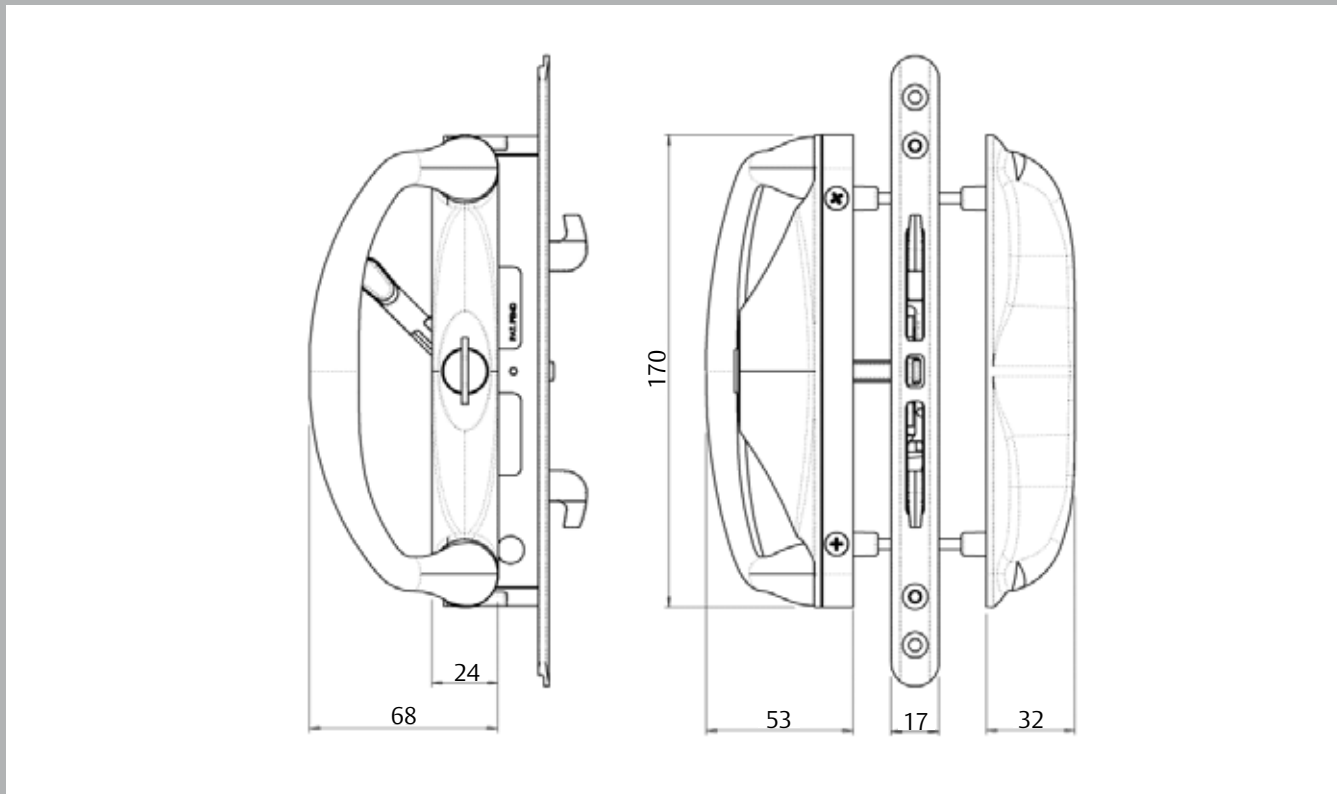

Options

- Double cylinder deadlocking with Daylatch
- Single cylinder locking with snib
- Additional locking options available
- Available in a wide range of powdercoat colours and satin chrome finish

Willo SBML 2-Point

Note: Non-standard screws are required for door stile widths in excess of 56mm
